

**INTRODUCTION TO
QUALIFIED PROCESS SUPPLIER LIST.
(QPSL)**

Available are the Kaman Approved Process Supplier information. There are two sections that contain the following information;

Qualified Process Supplier List.

This catalogues suppliers approved for special processes for Kaman designed product only.

Kaman Process Codes.

This catalogues definitions and process codes.

General notes for using these lists:

1. Parts processed by a non-qualified supplier will not be accepted. Suppliers of proprietary items are excluded from this requirement.
2. Approval status existed at the time the list was compiled.
It is the users responsibility to verify the supplier approval status prior to placing purchase orders.
3. When required, it is the user's responsibility to furnish test specimens to process suppliers.
4. This list does not include supplier approval for specific part qualification as denoted on drawings, or specifications.
5. Any questions concerning use of information or supplier status included in the **QPSL**, the user shall contact Kaman Purchasing.
